AYER'S
CHERRY PECTORAL,
For the rapid cure of Coughs, Colds, Hoarseness, Bronchitis, Whooping-Cough, Croup, Asthma and Consumption.
Of all the numerous medicines extant, (and some of them valuable) for the cure of pulmonary complaints, nothing has ever been found which could compare in its effect with this Preparation.—Others cure sometimes, but at all times and in all diseases of the lungs and throat where medicine can give relief, this will do it. It is pleasant to take, and perfectly safe in accordance with the directions. We do not advertise for the information of those who have tried it but those who have not. Families that have known its value will not be without it, and by its timely use, they are secure from the dangerous consequences of Coughs and Colds which neglected, ripen into fatal consumption.
The Diploma of the Massachusetts Institute was awarded to this preparation by the Board of Judges in September 1847; also, the Medals of the three great Institutes of Art, in this country; also the Diploma of the Ohio Institute at Cincinnati, had been given to the CHERRY PECTORAL, by their Government in consideration of its extraordinary excellence and usefulness in curing affections of the Lungs and Throat.
Read the following opinion founded on the long experience of the eminent Physician of the Port and City of ST. JOHNS, May, 8, 1851.
Dr. J. C. Ayer,—
Five years trial of your CHERRY PECTORAL in my practice, has proven what I foresaw from its composition, must be true, that it eradicates and cures the colds and coughs to which we, in this section, are peculiarly liable.
I think its equal has not yet been discovered, nor do I know how a better remedy can be made for the distempers of the Throat and Lungs.
J. J. BURTON, M. D., F. R. S.
See what it has done on a wasted constitution, not only in the following cases, but a thousand more:
SUDBURY, Jan. 24th, 1851.
Dr Ayer: In the month of July last I was attacked by a violent diarrhœa in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of climate and diet. My diarrhœa ceased, but was followed by a severe cough—and much soreness. I finally started for home, but received no benefit from the voyage. My cough continued to grow worse, and when I arrived in New York, I was at once marked by my acquaintances as a victim of consumption. I must confess that I saw no sufficient reason to doubt what my friends all believed. At this time I commenced taking your truly invaluable medicine with little expectation of deriving any benefit from its use. You would not receive these lines did I not regard it my duty to state to the afflicted, through you, that my health, in the space of eight months, is fully restored. I attribute it to the use of your CHERRY PECTORAL.
Yours truly, WILLIAM W. SMITH.
WASHINGTON, Pa., April 12, 1848.
Dear sir: Feeling that I have been spared from a premature grave, through your instrumentality by the providence of God, I will take the liberty to express to you my gratitude.
A Cough and the alarming symptoms of Consumption had reduced me too low to leave me anything like hope, when my physician brought me a bottle of your "PECTORAL." It seemed to afford immediate relief, and now in a few weeks time has restored me to sound health.
If it will do for others what it has for me, you are certainly one of the benefactors of mankind.
Sincerely wishing you every blessing,
I am very respectfully yours,
JOHN S. CLARKE, Rector of St. Peter's Church.
With such assurance and from such men, no stronger proof can be adduced unless it be from effects upon trial.

JAMES FREDERICK FOSTER,
Manufacturer of Rachet and Spiral Trusses,
467 WASHINGTON ST., 467
BOSTON.
TESTIMONIALS.—The undersigned take great pleasure in recommending to the favorable consideration of those who are unhappily afflicted with Hernia, Mr. James Frederick Foster as a skillful and competent person in the manufacture and fitting of Trusses. We have employed him (some of us for over twenty years) and therefore speak from personal knowledge of his abilities. His early advantages, his long experience in the business, and the large number of individuals whom he was relieved in a variety of cases, render him, in our opinion, equal, if not superior, to any manufacturer of the article. His father, Dea. Gideon Foster, of Charlestown, was master of the Poor House in that town for upwards of twenty-four years, during which period Mr. Foster availed himself of the opportunity, and made application of his Trusses to a great variety of cases, with great success, some of which were of a very complicated and distressing character.
It is well known to all who have occasion to wear Trusses, that their great excellence consists in the adaptation to the body, at the same time relieving the patient. Any ordinary mechanic may make a truss; but none but a skillful practitioner can apply it in such manner as effectually, and oftentimes radically to cure the complaint.
Our experience has convinced us that Mr. Foster has thoroughly attained this knowledge. The certificates of Dr. J. C. Warren and other eminent surgeons which he has shown us, fully sustain the opinion we here express.

ISAAC P. HAZARD, of Newport,
AMOS D. SMITH, of Providence,
CHARLES ALLEN, of North Kingstown.

☞Our citizens are well aware that the Records of the Town and the Probate Records are, and for a long time have been, in a very unsafe depository. The emoluments of the office are not sufficient to enable our excellent and universally esteemed Town Clerk to hire a suitable place, even if he could obtain one, in which to deposit them.—Our buildings are nearly all of wood, and although the fire department is in admirable condition and very effective, and the citizens are excessively prompt and energetic at every alarm of fire, which, we are happy to say, is but seldom, scarcely three times a year,—still, we are liable to be visited by the devastating flame, as other similar places have been. The Town and Probate Records as all are aware, are of immense value, and should the Clerk's office be destroyed by fire, the loss to the whole community would be irreparable, and in consequence thereof, innumerably expensive and vexatious lawsuits might ultimately ensue, and many poor persons, especially, might be ruined thereby.—We suggest the expediency of taking the necessary steps to provide a suitable and more safe depository for these valuable Records; and our plan can be carried into execution at a very small expense,—although we do not consider the cost of any moment where a matter of such general public importance is involved. We propose to have the lower part of the Brick Market, at the foot of the Parade, converted to this use. It is a safe building, and can easily be approached in case of fire; and it is large enough to make offices for the Town Clerk, the Treasurer, Collector of Taxes, &c. They should all be in one building, in a public place, where they can easily be found by all who have business with any of them. The income which the Town derives from this property is comparatively small, and it certainly cannot be appropriated to a better use than the one which we propose,—but if it yielded a high rent that would be of no importance in comparison with the necessities of the case in question.—Then, the Watch house is in the same building, immediately in the rear, and should a fire occur there in the night, it would be speedily discovered and probably extinguished without loss.

We urge this matter upon the consideration of our citizens, and trust that they will take such steps at the November Town Meeting as will ensure the success of our suggestions. The valuable Town Records have remained too long in an exposed and dangerous situation; and now let us remedy the evil, and provide a more safe and convenient depository for them.

☞Two Irishmen, named Butler and Lyon, while employed in digging a well at the new house of Mrs. Cleveland, on Saturday last, as they were charging a hole in a rock for blasting, the powder was accidentally ignited and an explosion took place; both had their right hands terribly shattered, so that they will not probably be of any use again.—One of the men lost an eye, and the muscles of their arms are badly injured. Drs. Dunn, Daniel Watson and W. Argyle Watson were called in and rendered prompt medical assistance. The men are as comfortable as could be expected. It is a very severe affliction, as both have large families, and one of them has five children, who are motherless, all of whom are dependent upon his exertions for their support. These are worthy cases of charity, and we trust that pecuniary aid will be afforded them.

☞Acquidneck Engine Company No. 3, Capt. B. H. Stevens, are to dedicate their new Hall, by a Hop, tomorrow evening; the members of this Company are liberal and enterprising young men, and we have no doubt but that they will entertain their friends, of both sexes, on this occasion, in a most delightful and hospitable manner.

☞After a few cold days we are again enjoying most delightful weather; yesterday it was very warm,—this we presume may be regarded as the Indian summer.

☞Some crazy women and some men who ought to wear petticoats, have just held a "Women's State Temperance Convention" at Syracuse. The following is a synopsis of the Resolutions which were adopted by them:—

The first declares it to be Woman's right, as the greatest sufferer, to labor against Intemperance. 2d, Directs their efforts against traffickers. 3d, Discountenances both sellers and users of liquor. 4th, Declares that the law should not legalize, but suppress the traffic. 5th, Advocates the Maine Law. 6th, Urges supporting Temperance candidates for office. 7th, That every reform movement is forwarded best by cultivating that sense of individual responsibility which never excuses from duty; that independence, which boldly demands that justice be done though the Heaven's fall. 8th, Sanctions the course of the women at the Men's State Society last June, and says—Men who then rejected women showed they needed enlightenment. 9th, Declares that Intemperance increases among young men, and must be opposed.

Prof. Allen, of McGranville College, was happy to find women entering into public in the good cause, and was surprised that a Doctor of Divinity at Syracuse at the last Temperance Convention, attempted to padlock the lips of woman. It reminded him of a remark of Miss Brown, of McGranville College that the clergy had rather millions of the race should sink to hell than woman point out their salvation. He alluded to the destructive effect of alcohol upon the Indians, and said a reform was progressing and would end in a sure triumph of right. Miss Susan B. Anthony offered a resolution to the effect that the Church should do away with the sacramental wine, and refuse fellowship with rum distillers.

Letters were read from Mrs. Fowler, New-York, and Frances D. Gage, Ohio.

Miss Anthony defended the resolution, and after a spirited discussion it was adopted.

Mrs. Bloomer, Mrs. Vaughan, and a few others, voted Nay.

Lydia A. Jenkins offered a resolution, that inasmuch as the right to petition is the safeguard of the right of the people, and our petitions, as women of the State of New-York, have been cast aside in contempt, and our right as memorialists called in question:

Resolved, That we will go by the hundred, if not by the thousand, at the coming Legislature, and present petitions for the Maine law with our own hands.

Adopted, and the Convention adjourned.

These old women, of both sexes, make themselves positively ridiculous when they come before the public in the assumed character of reformers; they get a fanatical idea in their minds and become as crazy as if fleas had crawled into the ears of each, and were rambling about their brainless skulls.

☞We understand that our old friend Milton Hall, Esq. is offering to bet two to one that Pierce will be elected President of the U. S. for the next four years. We advise our friend to save his money, or to apply it to better and more benevolent purposes. Pierce cannot be President, and it would be a pity for Milton to loose both the election of his favorite candidate, and a portion of his hard earned wealth.

☞Two weeks from this day the Presidential election takes place; the time is short, and what remains to be done must be speedily attended to.

☞Christopher Robinson, Esq., of Cumberland, will address the Whigs of Newport tomorow evening, at the Town Hall, at 7 o'clock. Let there be a grand rally, for Robinson will make a glorious speech.

☞The members of the Whig Ward Committees are requested to meet at the Committee room, every evening; Whigs generally are invited to attend.

☞A Scotchman giving evidence at the bar of the House of Lords, in a shooting affair, where the populace had been fired upon, said that shots of a great many sizes were fired. He was asked by the Duke of Newcastle, what kind of shot it principally was. 'Why,' said the man in his broad dialect, 'such as they shoot *fools* (fowls) with, and the like.' 'What kind of fools?' said the Duke, smiling at the word. 'Why, my lord, *dukes*, (ducks,) an' sic kin' o' fools.'

Musical Novelty.—Alfred Bunn, the famous London Manager and Poet, is about writing a grand Fairy Opera, in which the principal part will be sustained by Signorina Adelina Patti.—This Opera, to which Simkosch is to write the music, will be produced at Niblo's, in New York, next December.

☞Charity, faith and good works are as necessary to constitute the Christian character, as are three lines to form a triangle.

Maine Law Preachers.—We have had Maine Law Preachers, but it remained to Rev. A. L. Stone, of the Park street Church, to introduce to the Boston public, Maine Law Prayers. A writer in the Chronicle of Monday mentioned the character of the prayer offered by Mr. Stone on the previous Sabbath. We have since learned that the Rev. gentleman went further than even our correspondent intimated. He went so far as to reflect upon the Judiciary of Suffolk County, in those devotions, because the parties arraigned before one of our tribunals, have not been convicted. And Mr. S. intimated that out of Boston, in other counties, justice was done. Now this Rev. gentleman has been praying for rank injustice; for the violation of the rights of freemen, and for unjust decisions upon the law and the evidence. Because no man tried in Boston has escaped conviction, except on *legal grounds*; and yet, legally convicted or not, Mr Stone, in that prayer, passes a censure on judges who administer the laws of the land, and also in his prayers commends a justice of the peace for his illegal decisions. For nothing is clearer, than that the act of Justice While, in allowing amendments to the complaint in the "Porter case," did an unlawful act. It is really a pretty state of things, when a clergyman of Boston arises in his pulpit and in his devotions, undertakes to censure a justice of this State, for the discharge of his official duties; and do it in his prayers. The prayer, according to all accounts, must have been a model one; exceeded only by that recorded in Luke, xviii. 11-12.—*Boston Chronicle.*

A worthy gentleman of Cincinnati, while in church not long since, fell asleep and began dreaming that he was on a hunting excursion. All of a sudden, and to the astonishment of everybody, he bellowed out—"Fetch him out, Dash! a glorious shot—three woodcocks with one barrel! hurrah for me!" and he rose up from his hallooing, and immediately seized his hat and walked out, blushing like a peper.

Ohio Wines.—Messrs. Longworth, & Zimmermann, of Cincinnati, Ohio, will put up 150,000 bottles of still, and 180,000 bottles of sparkling Catawba wines, this season. There are 1,200 acres of grapes under cultivation near that city.

☞Smith says the crowing of the Locos over the Pennsylvania Election reminds him of the efforts of a juvenile rooster mistaking moon-shine for the approach of day.

EXTERMINATING BITTERS IN EUROPE.

Letter from Rev. L. DOOLITTLE, a highly respectable Clergyman.

PARIS, September 15th, 1851.

Dear Sir.—About two years since I made use for a few bottles of your Oxygenated Bitters, for a sad mouth complaint, which was at that time inflicted. During the past year, having suffered somewhat in my general health, my medical advisers recommended a sea voyage, and some twelve months' respite from public duty.

Since my stay in England and France, I have found my old enemy, irritability of the stomach, returning again. I have not found any prescription to afford me relief, and I made inquiries in London for your Oxygenated Bitters, But could not find any.—I write now to beg you will do me the favor to send by the earliest steamer to Havre, half a dozen bottles, care of Livingston, Wells & Co., 8 Place de la Bourse, Paris.

An old friend of mine in England, Captain Jackson, of the British Army, I found, on my arrival, suffering from Asthma, manifestly the result of dyspepsia. If you have a mind to send an additional half a dozen bottles, I should like to have the Captain try the medicine. I should not have troubled you with this, but for a wish to be quite sure of obtaining the genuine article; and together with the hope of my own relief, extend a benefit to other sufferers like myself.

I beg to observe, as I am not aware that my name is known to you, that I have been the resident clergyman for some twenty-three years, in Sherbrook and Leunoville, Canada East, to which charge I hope to be able to return in the spring or summer next following.

I remain, dear sir, your obedient servant.

L. DOOLITTLE.

WILLIAMS' PREMIUM

SKY-LIGHT DAGUERREOTYPES,

WILLIAMS having been awarded the highest Premium at the late fair for the superiority of his Daguerreotypes, he forbears any other proof of their good qualities in regard to tone, clearness of the eye or beauty of finish the public are invited to make free and examine the numerous specimens there on exhibition especially the new style of Crayon Daguerreotypes. Don't forget this:—If you would rise in the world you must not stop to kick at every cur who barks at you as you pass along.

For the good of the public the following is taken from the New York Herald:

Astounding.—The Bloody Codfish Aristocracy, go in for HOLMES' Daguerreotypes, regardless of cost, several called yesterday for 50 cent pictures, while the rough and ready upper-ten, with less airs, and more liberality, pay the regular prices—$1,50 and upwards. This is a great country! Rooms No. 289 Broadway.

For the information of Peter Squirt, a few more old plates on hand, the same that he has purchased of me during the summer; if not called for soon they will be disposed of as old copper.

NO CHEAP PICTURES TAKEN.

THE partnership which has heretofore existed under the name of R. R. Hazard & Co. is this day dissolved by mutual consent.

R. R. HAZARD, Jr.,
Oct. 1, 1852. PHILIP CASWELL, Jr.

We this day form an unlimited co-partnership under the name of HAZARD & CASWELL, to carry on the wholesale and retail drug business, as heretofore at Apothecaries Hall,—and we take the present opportunity to return our thanks to our many kind friends and the public generally, for the favor with which our exertions have been recieved,—and to ask a continuance of their confidence, and patronage. Our attention during the past year has been directed particularly to the prescription department of our business,—and we hope by strict personal attention to it,—and scrupulous care in the selection of materials, and in compounding them, to give the physician and patient alike the assurance of exactness and nicety,—a confidence so essential, and important to both. During the winter one of our partners will reside in Philadelphia,—and availing himself of the extensive pharmaceutical advantages of that city, will engraft into our own business, all the new preparations, and manipulations, which possess upon thorough investigation any real advantages over the present methods. No pains or expence shall be spared to render this important department perfect in every detail.

Assistants will be provided who are regular graduates of the Philadelphia College of Pharmacy, and who are eminently qualified in every respect to discharge faithfully the trust reposed in them.

Our Wholesale department will continue to recieve our attention and we solicit orders from the country and town with the assurance that in every instance the very best qualities of goods will be furnished, at the lowest market prices. Physicians will find our medicines more worthy of confidence than those of exclusively wholesale houses, as we lay with more care,—and for our own retail sales. Chemicals, Surgeons Instruments, rare drugs, preparations &c., not on hand will be obtained at the shortest possible notice, or prepared with all despatch consistent with caution and precision.

Our customers will find our usual assortment of rich imported goods, Brushes, Fancy Stationary, Fancy Dresden and Parisian Ware, Bohemian Glass, Toilet Requesites, in every variety, Sponges, Genuine Patent Medicines &c. &c. in short every article usually found in Pharmaceutical establishments.

It will be our constant endeavor, to secure to our customers polite attention, the very best and freshest qualities of medicines, the strictest care in compounding and preparing them, and the lowest prices, quality considered at which they can be furnished.

DR. WEAVER'S MEDICINES—THEIR EFFECTS ON CANKER AND SALT RHEUM.

Paw Paw, Mich., Nov. 3, 1851.

Messrs. S. A. Weaver & Co.—Gentlemen: My daughter has been troubled with Canker and Salt Rheum for the last year, and it increased day after day, to that extent that myself and friends became so alarmed that we thought there must be something done for her, or she must die; we tried many kinds of Medicines but nothing did her any good, but she rather grew worse. She kept about till last May, and said she must give up, go to bed and die; there was no help for her. The most skilful Physicians of the place attended her, and no help could she receive from their aid. If she took any nourishment it would produce vomiting; her hands and face were covered with sores, her strength had worn away, our friends and neighbors gave her up to die, and physicians too said there was no help for her; they could not do her any good. I could not bear to see my daughter dying with that disgusting complaint although I must say I was almost discouraged myself, hearing of your Canker and Salt Rheum Syrup, which led me to procure one bottle of your agents, F. Smith & Co., of this place. About the middle of August she commenced using it according to directions, and I must say the first dose she took she said she felt better, and it stop t her vomiting, and in five days she could walk the room with a little help. She continued the use of your medicine, and in a few days the Canker came into her mouth. I procured one bottle of your Canker Cure and applied it to the Canker, which soon disappeared. The Cerate she used freely on her sores, which soon cured them. She shortly began to eat her regular meals, and increase in strength. Four bottles of your Syrup have saved my daughter's life. She is now very fleshy, and apparently well. I owe it all to the S. A. Weaver's Canker and Salt Rheum Syrup. I believe this medicine has done what nothing else could do, and we most cheerfully recommend it to all who may be troubled with that complaint.

Dr. S. A. Weaver:—Sir: If you think this information worthy of your notice, you are at full liberty to publish it to the world.

Yours respectfully,
Mrs. HANNAH BEACOM,
daughter of WM. TANNER.

Dr. S. A. WEAVER:—Dear Sir:—It gives me pleasure to say that the above will be considered by all who are acquainted with Mrs. Hannah Beacom. A simple statement of facts, given with the hope of alleviating suffering. I would add that the certificate is from a source in the highest sense reliable, and worthy of confidence.

Yours truly and sincerely, A. STEWART.

The following certificate is a sufficient guarantee of the entire safety and efficiency of the Safety Lamp and Feeder.

CERTIFICATE.

We have had an opportunity to test the Patent Safety Lamp and Feeder of Mr. John Newell, of this city, in regard to the measure of protection which their construction affords. In the trials to which we subjected them we endeavored without effect, to produce explosions of the vapor of the fluid mixed with air, and to burst them by the pressure of the vapor alone.

The principle adopted by Mr. Newell is that of the well known Davy Lamp. He has so combined the parts that we are satisfied that all risk of explosive action is removed.

NEW & IMPROVED CHIMNEY PIECES and PIER SLABS
Manufacted of Stone by the PENRHYN MARBLE COMPANY.

THESE CHIMNEY PIECES AND PIER SLABS are new and beautiful articles, superior in appearance and finish to any other in the market; can be made of any dimensions, and are sold at low prices. They are very highly polished, retain their beauty much longer than the common marble; and are not injured or defaced by coal, gas, smoke or acids. Since their introduction, a large number have been sold and have given general satisfaction. The labor required to keep them in good order is very slight, as they do not become discolored like other kinds of marble. The stone used in their manufacture is imported from England, where it is very extensively used for architectural purposes, having been known to last for centuries. It does not partake of the brittleness of common marble being tough, strong and durable, and thus perfectly well adapted for chimney pieces, &c. This stone by a peculiar process, is beautifully enamelled, in imitation of the finest Egyptian—the enamel being so firmly incorporated with the stone that it becomes permanent.

The Unequalled polish and appearance of these Chimney Pieces and the confidence with which they have thus far been used, give the fairest evidence that the Penthyn Marble, by its many advantages, will at no distant day supersede the use of the Egyptian.

Pier Slabs and Shelves for Parlors, Chambers, &c., together with bronzed and other kinds of Brackets, of various patterns, furnished to order. Architects, Builders, and all others are invited to examine them.

20,000 PERSONS CURED
NO RELIEF, NO PAY!

THE Public are respectfully informed that D. Tobias has adopted the above as his motto since he has introduced his invaluable.

VENETIAN LINIMENT,

On sale in the United States—now over three years.

During that period, every bottle sold has been warranted to give RELIEF, if used according to the directions, or the money would be refunded; and no Agent was allowed to have on sale without he would warrant it.

THOUSANDS OF BOTTLES

Have been sold, and NOT ONE IN A THOUSAND HAVE BEEN RETURNED!

Wherever it has been introduced, it has superceded every other Liniment, and with scarcely any advertising, has quietly won public confidence. Now, there are hundreds of families that are never without it. This has been done by private recommendation, chiefly from those who have been cured by it of obstinate Diseases,—*when every other remedy has proved ineffectual.*

Many persons have said, on reading my pamphlet, that it CURES TOO MANY COMPLAINTS; but I have replied, "Use it according to the directions, and if you do not get relieved, your money will be returned." More I cannot say: for if I confer no benefit I ask no remuneration. All that is asked is a fair trial; then I am assured there will be no dissatisfaction.

IT IS WARRANTED TO CURE

Cholera, Colic, Dysentery, Cramp Vomiting, Sea-sickness Chronic Rheumatism, Sore Throats Cuts, Burns, Chilblains, Swellings, Old Sores, Bruises, Coughs, Croup, Mumps, Chapped Hands, Wens, Corns, Musqueto Bites, Warts, Palpitation of the Heart, Weakness in the Limbs, Back, Chest, Pains in Joints, Hemorrhage, &c.

Thousands of certificates can be seen at the depot.

☞ Full directions wrapped up with every bottle.

LADIES

can find no article that will so quickly and harmlessly remove Pimples and Blotches from the Neck, Face and Hands.

CROUP,

which carries off hundreds of children annually, can be averted by the timely application of the Venetian Liniment. If parents would observe their children, and when the eyes are heavy, or the breathing slightly thick, they would rub the neck and chest well with the liniment, they never would have to suffer that distressing complaint.

CHRONIC RHEUMATISM,

it cures as certainly as it is applied. But inflammatory requires the aid of a physician as internal treatment is requisite.

Persons suffering from Weakness or Pains in the Back, Chest or Limbs, will find relief in a few applications of this Liniment. It opens the pores, besides strengthening the muscles.

TOOTHACHE is cured by it in a few minutes.

VOMITING is immediately stopped by it, and when the stomach will not retain medicine or food, take 20 drops of liniment, in half a wine glass full of water—then nothing will be objected.

CHOLERA and DYSENTERY were cured in hundreds of cases, when last in this country, by the timely use of this liniment.

It is also warranted superior to any thing else to alleviate and cure.

CUTS, BURNS, OLD SORES, SWELLINGS, &c.

☞ Depot No. 228 Greenwich street, New York.

Price 25 and 50 cents per bottle.

This Liniment is an internal as well as external Remedy, and is warranted harmless.

See that every Bottle has Dr. Tobias' written signature, as no other is genuine.

ANOTHER SCIENTIFIC WONDER!
GREAT CURE FOR
DYSPEPSIA!
DR. J. S. HOUGHTON'S
PEPSIN,
THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE.

Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of Pepsin, infused in water, will digest or dissolve *Five Pounds of Roast Beef in about two hours*, out of the stomach.

Pepsin is the chief element, or Great Digesting Principle of the Gastric Juice—the *Solvent of the Food, the Purifying, Preserving, and Stimulating Agent* of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation, the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree curious and remarkable.

SCIENTIFIC EVIDENCE! Baron Liebig, in his celebrated work on Animal Chemistry, says: "An artificial Digestive Fluid, analagous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Ox, in which various articles of food, as meat and eggs, will be *softened, changed, and digested, just in the same manner as they would be in the human stomach.*"

☞ Call on the Agent, and get a Descriptive Circular, gratis, giving a large amount of Scientific Evidence, similar to the above, together with Reports of Remarkable Cures, from all parts of the United States.

AS A DYSPEPSIA CURER, Dr. Houghton's Pepsin has produced the most *marvellous effects*, in curing cases of *Debility, Emaciation, Nervous Decline* and Dyspeptic Consumption. It is impossible to give the Details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver Complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs, upon the Digestive Organs, after a long sickness. Also for excess in eating, and the too free use of ardent spirits. It almost reconciles *Health with Intemperance.*

Dr. Houghton's Pepsin is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is Not A Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price, One Dollar per bottle.

☞ Observe this!—Every bottle of the genuine Pepsin bears the written signature of J. S. Houghton, M. D., sole proprietor, Philadelphia, Pa. Copy-right and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicines. Agents, R. R. HAZARD & CO., Apothecaries' Hall, Newport, Wholesale and Retail Agents.

LYON'S KATHAIRON FOR THE HAIR.

IF past unrivalled popularity, and and an unprecedented rapid daily increase in public favor, are any tests of an articles merit, high merit must surely be awarded to Lyon's Kathairon. The fact is those who use Lyon's Kathairon once, will never use any thing else; and why is it? The Katharion every one finds just what it claims to be. They find it will prevent scurf and eradicate dandruff. If the hair is falling off, it stops it. The scalp is speedily restored to its natural state, the secretive vessels become lively and healthful and consequent new or ted growth and vigor is at once imparted to the hair.

As a toilet article the Kathairon is without equal. It gives to the hair a pleasing perfume, a richness of lustre, beauty and luxuriance that no similar preparation can possibly give.

Dr. Marchisi's Uterine Catholicon.

THE UNDERSIGNED, HAVING BECOME AGENTS FOR THIS INVALUABLE MEDICINE, would respectfully invite the attention of the afflicted to the gratifying success that has attended its use wherever introduced, and its happy adaptation to the cure of the distressing diseases for which it is offered.

This CATHOLICON is in truth one of the GREATEST MEDICAL DISCOVERIES OF THE AGE, and is destined to become identified with the health and happiness of [illegible] *FEMALES.*

This declaration is based on the fact that it will cure more than nine-tenths of a class of very prevalent diseases, known as

FEMALE COMPLAINTS,

and which have heretofore resisted the skill and exertions of the most accomplished Physicians of all countries, to a degree beyond that of almost every other malady to which the human family is heir. It has already received the approbation and liberal patronage of very many prominent members of the Medical Faculty in the United States, willing to abide the truth, and having due regard for the welfare of their patients, and is in every way worthy the confidence of the afflicted as *A SUCCESSFUL, SAFE* and *CHEAP REMEDY.* Of this additional proof will be found in the pamphlet, to which the attention of Ladies and Practitioners is respectfully invited.

This medicine has never been introduced by empty puffs and misrepresentations, nor is it intended that its present popularity shall be sustained by any medium but its merits and the approbation of the public.

The CATHOLICON is not a "cure-all," but is intended expressly for those complaints incidental to the respectable female whether married or single, PROLAPSUS UTERI, FLUOR ALBUS, CHRONIC INFLAMMATION AND ULCERATION OF THE UTERUS, INCIDENTAL HEMORRHAGE, PAINFUL, SUPPRESSED AND IRREGULAR MENSTRUATION, &c., with their accompanying evils, (Cancer excepted,) no matter how severe, or of how long standing.

"A LITTLE KNOWLEDGE IS A DANGEROUS THING."

THIS saying has but a partial application.—A very little knowledge of the physiology of the hair teaches that want of care deprives many of that most becoming ornament to the person. Those who would desire to preserve their heads from baldness, cure thinnesses on the scalp, prevent discoloration, and secure a glossiness and softness of texture, should use Bogle's Hyperion Fluid.

Many look upon the process of shaving as one which requires a merely mechanical attention to accomplish perfectly. It is not so. The conditions which furnish the speediest and easiest accomplishment are a healthy state of the skin, and a suitable lather to preserve its soundness.—Bogle's Amole is the most approved article for softening and smoothing the skin, and imparting to it an elasticity inconsistent with any chance of irritation, or eruptions which follow it.
